

Appreciation for CHILD Study

Covid-19 is like a dark and scary crow,
Who came down upon us,
And changed the world that we know.

At first, we were spooked,
Almost trembling with fear,
But little did we know,
Our great heroes would appear.

They're discovering and learning to find a solution,
That will descend on our Earth,
And save us from this great confusion.

We're so grateful for their help,
And everything that they do,
For they have come to save us,
From this terrible flu.

If it weren't for them,
I don't know what we'd do,
But I know for a fact,
Soon, our world will no longer be blue.

They make us feel safe,
And help us understand,
How we can assist them,
With this problem at hand.

And as for their name –
The name of our knights –
CHILD Study
Will be the ones to stop Covid fights.

Thank you, the CHILD Study Team!
